**QUALITY LEVEL**  
Select one or more 

Search and browse studies.

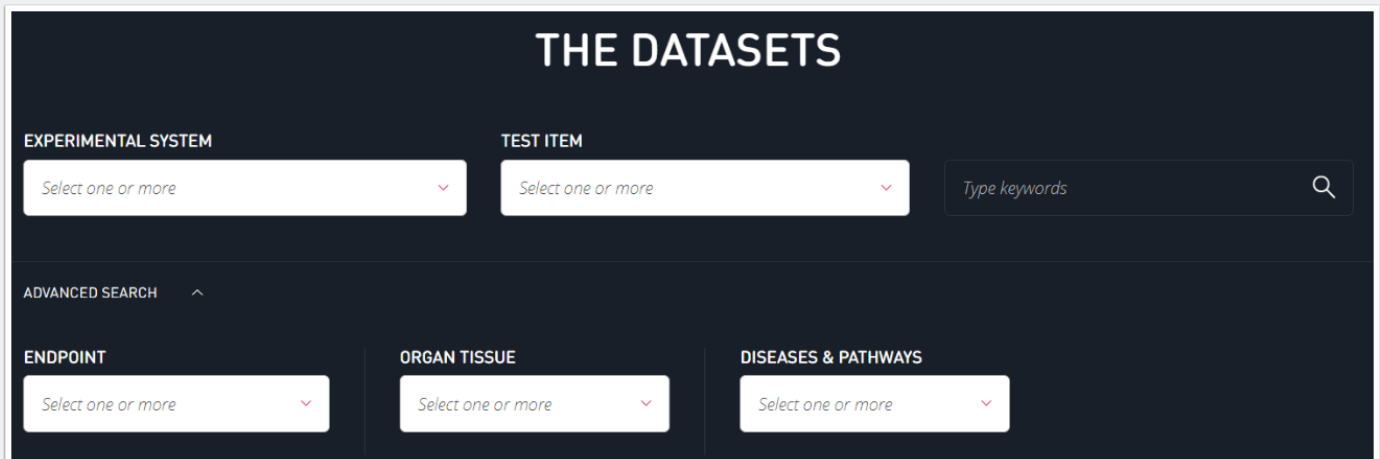

## Search protocols

The screenshot shows a search interface titled "THE PROTOCOLS" on a dark background. At the top, there are two dropdown menus: "EXPERIMENTAL SYSTEM" and "ENDPOINT", both with the placeholder text "Select one or more". To the right of these is a search input field with the placeholder text "Type keywords" and a magnifying glass icon. Below these is a section labeled "ADVANCED SEARCH" with a small upward-pointing arrow. Under "ADVANCED SEARCH", there are two more dropdown menus: "STAGE OF DEVELOPMENT" and "QUALITY", both with the placeholder text "Select one or more".

## Search datasets

The screenshot shows a search interface titled "THE DATASETS". It features several filter categories, each with a dropdown menu:

- EXPERIMENTAL SYSTEM**: A dropdown menu with the text "Select one or more" and a red downward arrow.
- TEST ITEM**: A dropdown menu with the text "Select one or more" and a red downward arrow.
- ADVANCED SEARCH**: A section header with a small upward arrow.
- ENDPOINT**: A dropdown menu with the text "Select one or more" and a red downward arrow.
- ORGAN TISSUE**: A dropdown menu with the text "Select one or more" and a red downward arrow.
- DISEASES & PATHWAYS**: A dropdown menu with the text "Select one or more" and a red downward arrow.

On the right side of the interface, there is a search input field with the placeholder text "Type keywords" and a magnifying glass icon.
