The screenshot displays the TAXILA 2.0 interface. On the left, an article summary for "# TOBACCO REPORTER" features an image of Bantam vape products and the headline "FDA Accepts Bantam Vape PMTA". The main content area is split into two columns. The left column shows a "Concept View" with a tag cloud containing terms like "United States", "Location", "Hazardous", "Expert Tag", "Organic", "Substance", "Material", "Occupation", "Process", "Body Part", "Particulate", "Classification", "Organism", "Behavior", and "Chemical". Below this is a "Similar Articles" section with a highlighted article titled "'Don't delay, FDA'" from Oct 19, 2017. The right column shows the article content in a different language, with a "Select Language" dropdown and "Powered by Google Translate". It includes the same headline and a detailed text block. Below the article is a section titled "Examining the vulnerability of ambivalent young adults to e-cigarette messages." with a "More about the article" link.
